How to tie a shoe

#1 First you take one _____Noun_____ and lace it up with your _____Noun_____.

#2 To _____Noun_____it up, criss cross your shoelace over and under the holes in your shoe.

#3 When the ends of your shoelaces meet take one end, lay the other down, then go over and under your laid down end.

#4 Take one end of your shoelace and make a loop.

#5 Take the other shoelace and wrap it around the loop.

#6 By doing that, you will make a smaller loop.

#7 Put the middle of the shoelace you haven't looped, through the small hole.

#8 By putting your shoelace through the hole, you make another big loop.

#9 Pull on the big loop very hard, this will make it tight.

#10 That's how you tie your shoe!
