The Love Couple

In this town in California called Sacramento, there were these two people. These two people were in love. They were planning on having a kid. This couple lived in the middle of nowhere. They had a _____Noun_____ though. They're names are _____First name_____and _____First name_____. Since they have a car, they tend to go out into the city to buy groceries, or to just party in the club. After a few months, the couple had a newborn baby boy. His name was _____First name_____. So, the couple dropped _____First name_____at their mother's house, just for the night. They supplied their mother, _____First name_____ with plenty of milk, so _____First name_____can eat. The reason they dropped _____First name_____off at their Mom's house was because they wanted to have a night by themselves. You know, a _____Adjective_____night. They haven't planned where they want to go or what they want to do, or if they just want to stay home for the night. Well, that night, they decided to break into someone elses _____Type of building_____. They had another baby in that place. They left that baby in that place. And _____Past tense verb_____off. They _____Verb ending in ed_____their first baby, and now their second one. I don't know how anyone could ever do that. It's wrong. And no one ever _____Past tense verb_____them again.
