The Republican Platform

Slight paraphrasing of Page 10 of the Republican Platform of 2012:

"[_____Name of a GLBT Friend or Family Member_____ and _____Name of the Partner of that Friend or Family Member_____] represent an assault on the foundations of our society, challenging the institution, which, for thousands of years in virtually every civilization, has been entrusted with the rearing of children and the transmission of cultural values.

That is why Congressional Republicans took the lead in enacting the Defense of Marriage [From _____Name of a GLBT Friend or Family Member_____ and _____Name of the Partner of that Friend or Family Member_____] Act, affirming the rights of States and the federal government not to recognize [_____Name of a GLBT Friend or Family Member_____ and _____Name of the Partner of that Friend or Family Member_____ 's] relationship."

There's what the law says, and there's what the law means.
