Within minutes after the news spread, the so-called hacktivists had and OPMegaupload had
begun in what became an evening of nonstop DDoS attacks likened to the virtual equivalent of a nuclear bomb
on pretty much any company or government entity pro SOPA or PIPA.
We Anonymous are launching our largest attack ever on government and music industry sites. Lulz. The FBI
didn't think they would get away with this did they? They should have expected us, they later posted on Pastebi
along with their and personal information of various heads of organizations.
If you had any doubt as to Anonymous abilities yesterday proved otherwise, in what became an awe inspiring
display of power. Within an hour most of the targeted websites were out for the count, throwing up error pages
or not even loading at all.
