Nothing

1. Proper Noun _____

Nothing

If you want to be able to edit the story, using Equations would

get you close to what you want. A _____Proper Noun_____ that is blank on top with (noun)

below gets you the underscore and the clue below it, but the underscore is a

bit higher than flows naturally with the text. However, you can let Word

wrap the lines, as the equations are just objects into the text.

To experiment with this option, use Insert Object Microsoft Equation

(with the cursor where you want the blank/clue). Once
