1. Adverb _____

ffhhhthhth

The pictures are much, much better! I don't mean to be so nit picky but....

In general:

1) Make sure to include a picture for every _____Adverb_____ item listed

2) List the bolded school poster as the last item on every slide for consistency

3) There needs to be the same number of items on every slide

4) If you list an item as plural, specify how many posters need to be made of that item

Specifically:

Slide 2 - "knick knacks" is a little vague, and I wouldn't know how to make a school poster look like an

advertisement poster

3 - what is the difference between a tiki and a tiki pole or between a tiki and a mask?

4 - "architecture" is vague

8 - "knick knacks" and "shallow trees" are vague

9 - skull is a bit creepy, and what does the warning sign(s) say?

10 - be more specific with "animals"

12 - one igloo cut-out? or a rectangular poster with many igloos?

etc.

YOU ARE AWESOME
