Bonnie's wardrobe

I'm sure we've all noticed Bonnie's _____Adjective_____ sense of style. She makes no secret of the fact that she does all of her clothes shopping at _____Name of a store_____. Her outfit of choice always includes a _____Adjective_____ sweater, _____Adjective_____ skirt, _____Adjective_____ stockings and _____Adjective_____ shoes. Whereas most primary teachers wear _____Adjective_____ _____article of clothing_____ and _____article of clothing_____ _____article of clothing_____, Bonnie opts for a more chic look. She's certainly not the stereotype of a kindergarten teacher. I remember once Bonnie was wearing a skirt that was so short, when she bent over a child exclaimed, "Look, I can see my teacher's bottom!" And who can forget Bekah's first day of the job. S/he took one look at Bonnie's lacy stockings and exclaimed, "Wowza!"

Bonnie has so many pairs of shoes that Mark has had to build a climate-controlled shoe cottage out back to house them. This resulted from him coming home one day and realizing he couldn't get through the house as every corridor was blocked by her shoe collection. He finally gave her an ultimatum: Get these darn shoes out of here or I'm never washing dishes again. That got her to see that perhaps things had gotten out of hand. But how did she get to this point? She's often stated that each time she buys a new pair of shoes it makes her feel sexy and womanly. A little known fact, is that her shoes often are used to help others. Just the other day, Michelle was planning to go to a fancy soiree and didn't want to buy a new pair of shoes for the occasion. S/he called up Bonnie and was able to borrow zebra-print stilettos to complete her look.

It's a shame the rest of us will have to go through the rest of our careers without checking out Bonnie's latest fashion triumph. Perhaps she'll sell some of her best items to Megan so we can still enjoy them.
