The Master Mage

There once was a _____common noun_____ who had _____Adjective_____ _____abstract noun_____. She knew all the answers on a quiz, and could even solve the _____ _____

_____superlative_____ of problems _____Adjective_____ and _____Adjective_____. However, she was _____Adjective_____ in magic and in social skills, she always relied on her _____abstract noun_____ and never _____irregular past tense verb_____ up any other abilities. One day, a warrior noticed _____demonstrative_____ mages trouble with social situations, so He decided to help her. He trained with her day and night, showing her how to be polite and not be a know-it-all. When he was finished, he continued his journey. Then another _____common noun_____ saw her struggle with magic and decided to show her some basic spells. When she was done training the _____common noun_____, she too continued on her journey. Now the _____common noun_____ was _____comparative_____ _____ than ever before. she became a battle _____common noun_____, and won many wars with her new-found skills, by building bonds between empires and bringing _____common noun_____ together. They then formed one, powerful empire called _____Proper Noun_____, and the _____common noun_____ of this empire were called _____proper adjective_____. This was a land full of peace and serenity, this became the mages legacy.
