Letter of brake up

Location

Year

Mr..

England

U.k

Dear England,

We did go though a fight or two and I need a bit of alone time. I eat what I eat and you do what you do. I was angry at you yesterday,but I decided to get over it. But when I saw you with Hussain I got angry and decided to stay alone. So I am officially braking up with you. I need air and I am only thirteen so I need to be alone. We had good

times together but,after that mistake we will no longer be together. We can still be friends. It's not that I hate you but it's your mistake. So fare well and see you soon.

Sincerely not yours at all,

Colonies.
