7. Verb Present Ends In S

# What happens to most people in different time frames

When you are 1 to 5, you love Adjective Noun Plural.

When you are 6 to 10, you start to realize things you never knew before.

When you are 11 to 15, you start to Verb Base Form others.

When you are 16 to 20, you Feeling much, but have someone beside you to help with your needs

When you are 21 to 25, you can start Verb Present ends in ING.

When you are 26 to 30, you may have another person to look after

When you are 31 to 40, it gets really tough and doesn't necessarily get any easier

When you are 41 to 60, you get Noun.

When you are 61 to 100+, you are humble and happy, and most of the time people will do Verb Present

ends in S for you without question

.

Well, thanks for looking at this word blank. I hope to see you snooping around some of my other ones you may come across!
