# How you'd cuckold me

You see my wife and I at Meeting place one night. She's wearing a and looks dynamite. She's young, with curly brown hair and innocent blue eyes. You can tell she has a slim, firm body underneath her outfit. You ignore me, walk up to my wife and take her hand saying "Hello, I'm \*name\*, \*initial line\*."; She coos "I'm Lindsay."; You can tell she's melting already. You pull her out of her seat and take her to \*secluded area of location\* for some privacy. You waste no time pulling out your \*size\* cock and watching her cheeks turn red. "I've never had one that big before,"; she gasps. "My husband is like \*amount larger than me\* smaller than that."; You disrobe each other and her \*sign of female arousal\* let's you know she needs it. You position her for \*sexual position\* and get ready to enter her. Even though she's dripping wet, the tip of your cock barely squeezes in. She can't speak, but she \*sign of pleasure\* with excitement as you work your way into her deepest areas. You finally penetrate her fully and she screams "\*something a girl screams when she cums\*!"; With a quaky voice she tells you "I've never cum like that with my husband."; But you're just getting started. You start to thrust into her now, faster and harder. She's \*sign of pleasure\* and backing into you. You can feel her pussy clenching you harder as she anticipates your \*euphemism for semen\*. At the last minute, with a \*noise you make when you cum\*, you pull out and spackle her \*body part you'd cum on\* with ropes of your hot load. She puts her clothes on, without cleaning off her \*body part you came on\*. She looks at you, with a dreamy look in her eyes and says "I want him to see what a real man can do to me.";
