The Sopranos

The last Noun of The Sopranos was very controversial and clearly designed to keep people Verb ending in ing about it for a long time after. I think people will talk about it for the next Number years, at least. The finale tied up many Plural noun that had been going on throughout the series, especially the children. Meadow Present tense verb into a her role as a Adjective mob woman, on the surface concerned about issues like the Plural noun of Italian Americans, and willfully Adjective of her father's Adjective and heinous crimes. Finally, Tony and Woman's name do something Adjective for AJ and set him up with an Noun in the Noun business. He worries he'll spend all his time getting Liquid for people more Adjective than he is, but Tony assures him he's making Plural noun and reminds him to Verb the Adjective times' Junior loses his Noun and thinks that it's Adjective, that he used to Verb north jersey.

There's a lot of Noun in the final scene. They take the onion rings as if they are communion Food and there are three cups of Liquid on the trucker's plate, symbolizing the trinity of father, son and the Adjective spirit. Mostly, people are Adjective that rather than showing either a Adjective ending, or a tragic ending of Tony Verb ending in ing they just show you how Adjective his life is now, and he is always worried. Whether it was Adjective or a waste of Noun

only time will tell.
