# I'm Sorry Love Letter

Dear           First name          

I really had a           Adjective                     Noun           moving here and there on my           Noun           and           Adjective           about what happen to us that           Event          . I least           Past tense verb           it, I           Past tense verb           the worst headache ever, all I could hear was my           Noun           beating much           Adjective           than it ever has. I           Past tense verb           my           Body part           that night, as my expectation for the night was so much greater, but it ended in a far different way that made my           Noun           choke with           Plural noun           of losing something I've always fought for.

We all made mistakes not trying to           Verb           each other, some words did           Verb           in some way and I guess we got carried away after all those arguments of whether truly I have some intimate           Noun           with           First name          . I guess this issue has always been the stand block of our           Noun           getting worked out. I know it's been hard for you trying to understand the real truth. Perhaps I need to give you a chance to find out for yourself whether what I'm trying to make you           Verb           is the real truth or not. Trust is very important, especially

in a new and an up-coming \_\_\_\_\_  
Noun and so I have no objection about you finding out the fact about  
whether I have a \_\_\_\_\_  
Noun with her.

I know we both said so many things to each other that we least \_\_\_\_\_  
Past tense verb trying to find out the truth  
about my \_\_\_\_\_  
Body part it's really hard and needs much time, but I guess I got carried away by saying those  
words to you. I know \_\_\_\_\_  
First name said you can't forgive me, neither will you forget, but I know deep down  
in me, I've regretted saying those things to you and being the first \_\_\_\_\_  
Animal to have done this to you also  
hurts a lot. Whether you accept my \_\_\_\_\_  
Noun or not \*I'm truly sorry for my \_\_\_\_\_  
Adjective and unpleasant  
\_\_\_\_\_  
Noun

Perhaps this is the chance for us to experience the \_\_\_\_\_  
Noun in each other. The most important thing is that  
this is not our first love experience and one thing we must understand is that, in every \_\_\_\_\_  
Noun whether  
old or new, we're sure to experience some problems but it's up to us to solve them. These are some of the things  
that might break our warm \_\_\_\_\_  
Noun and everything we are planning ahead of us. We need to understand  
each other and try to have the trust that will make this \_\_\_\_\_  
Noun work. I know you want this to work as  
much

as I do and I still have my hopes up, never giving up on you. Let me tell you this thing that I believe in a real  
\_\_\_\_\_ Noun \_\_\_\_\_: "It doesn't take beauty to make a relationship but the heart and the mind."; I know what I've seen  
in you and have a special reason of choosing you. Your perception about \_\_\_\_\_ Animal plural \_\_\_\_\_ is really not correct  
, \_\_\_\_\_ Animal plural \_\_\_\_\_ are never the same, maybe some times you might think we think alike but the heart shows  
all the difference.

For now, I know sorry is just a word, but for what it's worth I am very sorry for \_\_\_\_\_ Verb ending in ing \_\_\_\_\_ you last  
night. You caused me pains too but and I'm really confused about everything. I much want things to be stable  
and that you get all the time you need to make your decision. I love you so much and never will I think that I can  
forget you. Hope to hear from you... I remain yours ....

Love always,

\_\_\_\_\_ First name \_\_\_\_\_.
