A Native American Tale

14,000 years ago a _____^{Noun} was hunting in the woods. He used an _____^{Noun} to catch the deer. Another group of men were using a _____^{Noun} to catch fish in the river. The tribe decided to build a _____^{Noun} around the village to protect the tribe from their enemies. The chief of the tribe traded _____^{Noun} with another tribe to show that each tribe would be peaceful towards one another. The men of the tribe needed to begin the process of _____^{Noun} in order to clear out the forest. 13,000 years later, _____^{Noun} have found so many different _____^{Noun} that allow the people of today to learn all about how the Native American tribes lived.
