# So many insults, so many ways.

I'm Adjective. Can I Verb you some other time?

Humans only use about one Number ending in th (like tenth) of their brain power. With you, it could be less.

I don't know what makes you so Adjective but it really works!!

Mirrors dont Verb but lucky for you they dont Verb.

I have always wondered why people bang their heads against walls....then I met First name.

\_\_\_\_\_ Verb what you mean, then shut up.

You never \_\_\_\_\_ Past tense verb anyways.

I've had a perfectly \_\_\_\_\_ Adjective evening. But this wasn't it.

I'm \_\_\_\_\_ Adjective you seem to have mistaken me for someone who \_\_\_\_\_ Present tense verb.

Don't \_\_\_\_\_ Noun unless you can improve the \_\_\_\_\_ Noun.

I bet you're really Adjective you crawled out of your Noun to say that.
