My Mad Monkey

My mad monkey's name is Noun . He isn't like most Animal plural he only has Number
 Body part on each leg. Pronoun loves going to Noun and loves my teacher,
 Teacher . He loves his Possessive noun . Pronoun likes talking to his Relative and
saying things like Exclamation ; or Fake word . Pronoun loves to Verb
 Article of clothing . Sometimes he really freaks me out when he shouts things like Exclamation . I
know he really hates Color Fruit . I always have to paint them a Adverb purple. Last
thing about my monkey, he is a very, VERY Adjective monkey!
