Attacked Pirates

Dear Noun

It has been a long time since I last wrote to you. My Plural noun wanted me to tell you that we have been attacked by other pirates in Plural noun . One of the pirates even broke my necklace! Pronoun ripped it off my neck then ate it! I will never forget her cruel-but really weird-laugh! She Past tense verb until she finally blew up! Another pirate witnessed what just happened and he Compound verb past . It was a bit creepy because he did it Adverb . The rest of the pirates randomly started screaming and laughing at us. They were being Adjective retards! I got so mad, I punched their captain's body part . Immediately after that, all my crew members started doing what i just did! We kept doing this until number o'; clock! It was hilarious!

Hope to hear from you soon!

Your crazy pirate friend,

Maheen.
