He yawned, jumped out of bed and quickly donned his favorite           Noun           and his lucky pair of           Plural noun          . First off, he headed to the kitchen to make an extra-special birthday breakfast for himself:           Adjective          Food          . Then, he slammed the front door and skipped merrily down the sidewalk to engage in some of his favorite activities, like           Verb ending in ing           and           Verb                     ending in ing           his           Noun          . He was so tuckered out that he had to head back home to take a           Adjective           nap. Then, it was time for lunch. He heated up some week-old           Food           and snarfed it in seconds flat. After that, he headed out into the desert to practice his           Activity           and perfect his           Activity          . Finally, it was time to pick up Little Bro from Sierra Mist! As soon as Brennan jumped in the minivan, he took one look at Aidan and said,           Exclamation           broski!
