3. Noun

Dont want this night to end

I know I donâ??t know you

But your pretty little eyes so Color

Are pulling me in

Like the moon on your skin

Iâ??m so glad you trusted me

To slide up on this dusty seat

And let your hair down

Get out of town

Got the stars coming out over my hood

And all I know now is it's going good

You got your hands up

You're rocking in my truck

You got the radio on

You're singing every song

I'm set on cruise control

Iâ??m slowly losing hold

Of everything I got

Youâ??re looking so damn hot

And I donâ??t know what road weâ??re on

Or where weâ??ve been

From staring at you girl

All I know is I donâ??t want this night to end

Gonna cuss the morning when it comes

Cause I know that the rising sun

Ain't no good for me

Cause you'll have to leave

Gonna make the most of every mile

Do anything to make your smile

Land on my lips

Get drunk on your kiss

Clock on the dash says Noun

There's plenty of gas and the night's still alive

You got your hands up

You're rocking in my truck

You got the radio on

You're singing every song

I'm set on cruise control

I'm slowly losing hold

Of everything I got

You're looking so damn hot

And I don't know what road we're on

Or where we've been

From staring at you girl

All I know is I don't want this night to end

You got your hands up

You're rocking in my truck

You got the radio on

You're singing every song

I'm set on cruise control

I'm slowly losing hold

Of everything I got

You're looking so damn hot

And I don't know what road we're on

Or where we've been

From staring at you girl

All I know is I don't want this night to end

I donâ??t want this night to end

No I donâ??t want this night to end
