I dont have my homework Today

Dear Mrs Mcphurnisedpharts,

I'm sorry my homework isn't ready, but it wasn't my fault!

This morning, a Adjective Animal crawled in through the Noun. It sneaked into the Location where my books and homework were. I grabbed my Teddy Bear and Past tense verb it at the Animal but I missed and it Past tense verb my homework and Past tense verb into the Location. I yelled at it real Adverb but that didn't help, so I Adverb put Skrillex on my stereo and turned the volume way up, hoping to scare it away. Instead, it started to Verb around like it was Verb ending in ing. It hopped so Adverb it knocked a glass of off the coffee table and spilled it all over my homework. I guess the Animal really liked the taste of .

So, that's why homework isn't ready... that Adjective Animal ate it! I think a similar thing happened to First name Kid recently, so it must be a common problem here at Vertically Farted Phat High .

Sincerely,

Edmund Pharts InyaPhace.
