By the end of the ski trip I went on a black diamond which was a little scary at first and I fell only once because it was a little icy that day. Also my little brother, _____First name_____went on a double black diamond. Geesh! He's a real daredevil sometimes. And my younger cousin, Robbie he has been skiing since he was only _____Number_____years old. When Robbie went in the terrain park he landed all of the big jumps and did a faceplant on the baby hill. Uncle Rob said that all of the people on the lifts were cheering for Robbie.
