# I Want To Be A WWE Superstar

When I grow up, I want to be a WWE Noun!

I know I can Verb off the ropes like Rey Mysterio and talk Adverb into the microphone like John Cena. I can see it now-- the Adjective lights, the Adjective fans, the wild Plural noun!

When I enter Location to my theme song "Here Comes the Noun"; the crowd will get up on their Body part (plural) and cheer Adverb.

I will wear a bright colored mask and spandex pants with Plural noun sewn to put the fear into the Body part (plural) of my opponents.

They'll call me " First name the Noun Thief"; because every time I win a match, I will steal my opponent's noun! Isn't that a Adjective idea! I'll be so strong, fast, and Adjective that I'll beat

any           Noun           any time. I'm so excited I can hardly           Verb          .
