How My Husband Proposed To Me

My name is Girl name. Today is my husband, Guy name and my Number anniversary. Oh,

I remember when he proposed to me. It went a little like this:

It was Holiday day. We were at his Relative for dinner. After we ate, Same guy name asked

me to go on a walk with him. We went down to the Location and he got down on one Location

and proposed! That was the Adjective day of my life!
