The Average Detective

After pouring over letter after letter, one thing was horribly clear, I had no idea where Ethan was also I'm not exactly sure what a _____Noun_____is, but I imagine it involves some sort of _____Skill_____.

I looked into the _____Location_____lead, but that was as worthless as a _____Something worthess at the location_____. It seemed like maybe _____Character_____had found a clue in the _____Location_____ but in the end all I found was an _____Adjective_____Noun_____and a _____Adjective_____Noun_____.

So I took off for _____Noun_____ hoping that I could find someone to back up the _____Noun_____story, but truth be told there are more _____Plural noun_____on/in _____Location_____. The clues dried up like cherries you put on a salad. And then, to be honest, then things settled into a new normal. Life went on for everyone else. And Ethan became Schroedinger's cat. He didn't existed and yet he did at the same time. The up side of that is that I finally got to put my minor in philosophy to use, the down side is that I have no idea where this kid is... and I really need this job!
