That one day in bio lab...

One day in Biology Lab, we had to make phylogenies and then write classifications for them. We had to use

_____ Noun _____ from the planet, Hardwaria. We were so _____ Emotion _____ with the lab, especially after having to

turn in a paper. We really wanted to make the paper _____ Verb _____ using trinitrotoluene from the _____ Noun _____

chemistry lab, but we had to _____ Verb _____ until we got the paper back. Back to our _____ Emotion (ending in tion) _____

we started to discuss natural selection. We decided that it always resulted in _____ Noun _____ babies, and more

_____ Noun _____. We then made a claim that God created the _____ Noun _____ and Linnaeus organized those

_____ Plural noun _____ to give us nightmares from having to do this lab based on his organizational methods. We saw

something in the room, it was a _____ Noun _____ of death, it was so spikey! Next we saw a _____ Animal _____ no

wait, its a raccoon! Our professor then proceeds to tell us that we may have a dinosaur tooth in our

_____ Plural noun _____ which scared us, but then she explained the carbon cycle. We then left class _____ Verb _____

_____ ending in ing _____ M-I-C-K-E-Y M-O-U-S-E, Mickey mouse!
