# The Girl With Too Much Stuff!!!

There was a girl, who lived in the dinky town of \_\_\_\_\_  
\_\_\_\_\_house and she was the only one there. She had all the closets full of clothes and still more to go. She had the of the rooms full of her belongings and the other \_\_\_\_\_rooms were her \_\_\_\_\_  
\_\_\_\_\_room. In her bedroom she \_\_\_\_\_a dresser, her queen size bed, a night stand, and \_\_\_\_\_lamps. In the computer room she had her computer desks, her computers, and some extra stuff that couldn't fit in the storage rooms. She also had a basement full of some of her other stuff. it held her books, extra \_\_\_\_\_and \_\_\_\_\_  
\_\_\_\_\_ boxes of stuff she had to go through, and her make up she didn't wear in the summer time. In the attic she had her christmas stuff. Her lights, the tree, the ornaments, and other christmas things. She even still had a storage unit of stuff in town. The storage unit was a 25'; by 110'; by 75'. It was stacked from ground to ceiling with boxes, totes, chests, containers, bags, and tubs of clothes, book, pots and pans, make up, hair supplies, and much, much more. She had recently entered a relationship with a guy named \_\_\_\_\_  
and hadn't shown him her \_\_\_\_\_. She told him he could see her house in 2 wees from thier union. It had been 4 weeks since their union, and he still hadn't seen her home. She decided to have a yard sale to get rrid of some of her stuff. She sold \_\_\_\_\_of her tvs, 250 books, and at least \$500 dollars worth of clothes. She made \$250 from the sale. She finally had enough room for the extra stuff from the computer room to go into the storage room. The sstuff she sold in her sale was all from her HOUSE. She hadn't even gone through her storage unit yet. She showeed \_\_\_\_\_her house, and he said she had way to much stuff and if she wanted to stay with him she had to get rid a WAY more stuff. She decided to devote a day to just going through her house and

storage unit. She made a HUGE sale with the stuff she didn't want anymore. She had at least \$2500 worth of clothes in th sale,\$500 worth of books, and \$750 worth of accesories, such as purses, book bags, School supplies movies, and make up. She sold 95% of the stuff in the sale and made \$3500 on the sale. She was able to move hr stuff to her house, Roy moved in, and she still had room to walk in the storage room. They got married Number months later.
