# STG Report 9576, Team Banana Punch vs. Reapers

Got a           Noun           in my           Adjective           terminal           Adverb           after           Verb ending in ing           my report on tactical cloaking for the Elcor (essential during dire times like these)--Team Banana Punch needed me on the           Adjective           lines of the battle           Noun           on Firebase: Dagger. I only had enough time to grab my           Adjective           Phaeston and           Verb           some cryo ammo to           Verb           in the           Adjective           Reaper attack. I've seem to have           Past tense verb           this battle before, the enemies are           Adjective           and many. But Team Banana Punch was a special force, more           Adjective           than the famed STG. We were a symbol of           Noun           and diversity, 2 humans, an Asari and a Salarian. We sometimes           Past tense verb           our Krogan brother to our           Noun           but with the genophage           Past tense verb           he obviously had other priorities.

I must take the time to note how           Adjective           each member of TBP is. Our human vanguard carries nothing but a           Adjective           Eviscerator,           Verb ending in ing           turrets without a care in the world, and           Verb ending in ing           brutes head first with no fear! A           Adjective           creature to behold! Our Asari vanguard is something of a black sheep among her family; she chooses to           Verb           a Mantis and prefers to use Stasis to           Verb           her enemies. Another fearsome sight, blood           Verb ending in ing           everywhere as the           Plural noun           of our foe seem to           Verb          . The other teammate is an engineer, like I am, but as a human he           Present tense verb           something unique I do not. This           Adjective           item is our "fifth"; teammate, we

\_\_\_\_\_ Adverb call him Drone; he \_\_\_\_\_ Present tense verb into areas we dread, and \_\_\_\_\_ Present tense verb the passage for us to press forth.

Today's mission was like all the others we have been \_\_\_\_\_ Past tense verb to do, \_\_\_\_\_ Verb the waves of Cannibals, Husks, Marauders, Banshees, Ravagers and Brutes, while \_\_\_\_\_ Verb ending in ing indoctrination devices and \_\_\_\_\_ Verb ending in ing terminals. But each time we \_\_\_\_\_ Verb into the \_\_\_\_\_ Plural noun knowing our lives are at stake, we think of Earth, Thessia and Sur'Kesh, and how our seemingly \_\_\_\_\_ Adjective victories may prevent us from sharing the \_\_\_\_\_ Adjective of our \_\_\_\_\_ Plural noun.
