Dear Dumb Diary,

_____ First name is on _____ Verb committee, which is _____ Adjective because she is one of those
_____ Adjective people that you just naturally assume _____ Present tense verb like somebody slipped a
_____ Animal down her _____ Clothing (singular). She's not totally a girl, not totally a _____ Animal. She's
what you might call a _____ Girl and animal combined.

_____ First name asked me to help with the poster (my glitter skills are legendary) and I agreed to make one. She
wanted, like, a _____ Number different _____ Plural noun but glitterzing takes a _____ Adjective time, and I'm
not going to _____ Adjective my reputation with a bunch of posters that start developing glitter bald-spots
because I _____ Verb it.
