Dear Dumb Diary,

 First name
 is on
 Verb
 committee, which is
 Adjective
 because she is one of those

 Adjective
 people that you just naturally assume
 Present tense verb
 like somebody slipped a

 Animal
 down her
 Clothing (singular)
 . She's not totally a girl, not totally a \_\_\_\_\_\_. She's

what you might call a \_\_\_\_\_\_ Girl and animal combined \_\_\_\_\_\_.

<u>First name</u> asked me to help with the poster (my glitter skills are legendary) and I agreed to make one. She wanted, like, a <u>Number</u> different <u>Plural noun</u> but glitterzing takes a <u>Adjective</u> time, and I'm not going to <u>Adjective</u> my reputation with a bunch of posters that start developing glitter bald-spots because I <u>Verb</u> it.
