Lions

Lions are predatory Plural noun who manifest two types of social organization. Some are residents, living in groups, called prides. The pride consists of Adjective Plural noun their cubs of both sexes, and a group of one to Number Plural noun known as Adjective Plural noun who mate with the adult females. Others Verb Plural noun Verb Plural noun Conjunction Verb Plural noun in pairs.

Being smaller and lighter than males, lionesses are more agile and faster and do the pride's hunting, while the stronger males patrol the territory and protect the pride, for which they take the 'lion's share' of the females' prey. When resting, lions seem to enjoy Adjective Verb ending in ing with lots of touching, head rubbing, licking and purring. But when it comes to food, each lion looks out for itself. Verb ending in ing and Verb ending in ing are common, with adult males usually Verb ending in ing first, followed by the females and then the Plural noun.
