it into the garbage can. Was told he would be getting a zero and it is not our job to get your
paper out of the trash. While getting ready for the quiz he was breaking pencils. Was asked where he wanted to
take the quiz. He chose to go back the classroom. Teacher took his notes from him. Became upset left room shu
the door real hard. When he got to the downstairs hallway he threw his books down. He was told he needed to
pick up his books. I do not care. He went to quiet room. Upset wanting his notes. He blocked the door with
