# My New Baby Sister

I have a new baby sister! Her name is           Name          . I wanted to name her           Name          , but           Person           says "          exclamation          !" All she does is           Verb - Base Form          ,           Verb - Base Form          ,           Verb - Base Form          , and           Verb - Base Form          . At her baby shower we got her           Number           of           Adjective           tiny baby clothes, but when she was born she was           Number           pounds! She didn't fit into her clothes so we got toddler clothing for her. Today she is being           mood           all she wants is           Person          , but           same person           is at the           Location          ! So I have to take care of this           Adjective           little baby! I hope this is over with soon....
