The angry cloud

Once upon a time there was a very Feeling Noun so he decided to Verb away from his problems. His problem was the clouds above him where raining on him. As the Noun Past tense verb he saw a sunny little Noun. He thought that he could help the town by raining on it but he forgot that it was winter. He started pouring rain on the Noun but the rain froze and it started to snow. Every single kid started to cheer for the cloud and the cloud felt really Feeling and to this day every year on the same day he unleashes a snow storm to make the Noun Feeling.
