Team Fortress 2 - A Review

Team Fortress 2 is a first-person shooter game available for the Pc, Xbox 360, and PlayStation Number.

It was developed by Valve, a Noun -making company. It has won many outstanding awards, like Best Noun Design. In fact, its my favourite video game off all time!

This game has Adjective multiplayer modes like Capture the Noun and Attack/ Verb - Base Form. There are Number different classes to play as: The Scout, Soldier, Pyro, Demoman, Heavy, Engineer, Medic, Sniper, and my favourite, Occupation. This class has a very Adjective primary weapon; it is some sort of futuristic Noun. It can shoot out Noun - Plural and turn into a Noun at the Verb - Base Form of a button! Id recommend this game for anyone who likes first-person Animal (plural)!
