Aliens from the Planet TV

The _____^{Noun} in front of me _____^{Verb} and _____^{Verb} loudly. I rolled my eyes. I mean, this was just another basketball game. I only came because one of my friends who had season tickets invited me to come. All of a sudden a _____^{Adjective} _____^{Adjective} light came on, illuminating everybody. I thought this was just a weird attention-getting device, but I knew I was mistaken when something huge and intricately decorated burst through the ceiling. People were _____^{Verb} and _____^{Verb} so loudly I thought my eardrums would explode. The spaceship-looking thing descended upon us and I thought the world would end right then and there, at a basketball game. These misshapen, _____^{Adjective} beings came out and I _____^{Verb} into the fetal position. I think that I _____^{Verb} for a while, because when I woke up, everyone was in a circle around me, including the "Aliens"; and I screamed at the sight of them. Everyone started _____^{Verb} and I was outraged at their lack of terror at these extraterrestrials. Then I took a double-take. They weren't aliens, they explained to me, but rather they were from a reality TV show doing a _____^{Verb} on the basketball court. They hadn't known that there was a team playing at the moment. At the mental sight of all of us running and screaming, I started _____^{Verb} _____^{Adjective}. Well, I'm glad I got something from that basketball game!
