# The Outsiders

In the book The Proper Noun, S.E. Hinton introduces us to a gang of boys known as Proper Noun -  
Plural. The biggest enemy of the Proper Noun - Plural are the Proper Noun - Plural, a group of young  
men with lots of Proper Noun - Plural. The main character, Proper Noun, gets Verb - Past Tense  
one night by a young man named Proper Noun, who is Verb - Past Tense by his friend  
Proper Noun. Proper Noun and Proper Noun jump on a Noun and leave town. They  
live in a Noun for three days before Proper Noun decides to turn himself in. When they get back  
to the Noun, however, they find it is on Noun. Realizing there are Noun - Plural inside,  
Proper Noun and Proper Noun run in to save them. When they are taken to the hospital they are  
hailed as Noun - Plural rather than Noun - Plural. Proper Noun recovers but Proper  
Noun dies, saying Verb - Present ends in ING is not worth it.
