# Excuses to leave the classroom

One day in elementary I got bored in class, my body part was Preposition the class room but my mind wasnt. I thought of Verb - Present ends in ING to the Proper Noun or the bathroom but I had nothing to do in the bathroom or the nurses, I thought people would think Im Adjective. I decided to go to the bathroom when I got there I didnt think it was that Adjective. I sat Preposition the counter looking at the Noun. When suddenly a boy unexpectedly comes out of a Noun. I look at the Noun, the teacher is going to get Verb - Past Tense and Verb - Base Form. On my way back to class I think Pronoun seemed Adverb Adjective. I walked in the room and all the Noun - Plural fell down when I passed by. My teacher said interjection!Are you okay ?Youve been in there for 20 minutes. I lost track of time and went to Verb - Base Form in my seat. I got so mad I Verb - Past Tense my Verb - Base Form Verb - Base Form Verb - Base Form. My teacher told the Noun about me being in the bathroom for Adverb long.
