The Notebook

And I learned what is obvious to a Noun. That life is simply a collection of Adjective lives, each lived one day at a time. That each day should be spent finding Noun in flowers and poetry and Verb - Present Tense to Noun - Plural. That a day spent with Verb - Present Tense and sunsets and Adjective breezes cannot be bettered. But most of all, I learned that life is about Verb - Present Tense on benches next to Adjective Noun - Plural with my Noun on her Noun and sometimes, on Adjective days, for Verb - Present Tense in love.
