confused elephants that explode...KABOOM!

_____dangerous animals_____ have been going because of tomato sauce mixed with gunpowder and tobacco. We heard a loud, uncertain bellow from a creature outside and then....! It was like the sound I never heard from the big, fat _____dangerous animals_____ that goes _____explosions_____!(it's the book I'm reading) I looked outside and pretty much the whole house next door was blown up, with the owners still engrossed in their books. I was shouting at them to get up for a while. I gave up as soon as they got up from there pet _____dangerous animals_____ they were snoozing on. The man took one step, and fell into a 7 foot deep hole the _____dangerous animals_____ made.

I called to a elephant and he twisted his head and fell down on it's side. A few moments later, it then _____explosions_____ up. that was the last of the confused _____dangerous animals_____ that _____explosions_____... _____explosions_____!!!.I that that one was the last.
