The Great Gatsby

Most of the Adjective shore Noun - Plural were Verb - Past Participle now and there were hardly any Noun - Plural except the Adjective, Verb - Present Tense Noun of a Noun across the Noun. And as the Noun rose higher the inessential Noun - Plural began to Verb away until gradually I became Adjective of the old Noun here that Verb - Past Participle once for Adjective sailors body part a Adjective, Adjective body part of the new world. Its vanished Noun - Plural, the Repeat Last Noun - Plural that had made way for First Name of a Person house, had once Verb - Past Participle in whispers to the last and greatest of all Adjective Noun - Plural; for a transitory enchanted moment man must have held his body part in the presence of this Noun, compelled into an Adjective Noun he neither Verb - Past Participle nor Verb - Past Participle, face to face for the last time in history with something Adjective to his capacity for Noun.
And as I sat there Verb - Present ends in ING on the old, unknown Noun, I thought of Repeat Last First Name of a Person S Adverb when he first Verb - Past Tense out the Adjective Noun at the end of Daisys Noun. He had Verb - Past Tense a long way to this Adjective Noun, and his Noun must have seemed so close that he could hardly Verb to Verb it. He did not know that it was already Preposition or subordinating conjunction him, somewhere back in that vast obscurity beyond the Noun, where the Adjective Noun - Plural of the republic Verb - Past Tense on under the Noun.

Verb - Past Tense in the Adjective Noun, the orgastic Noun that year by year
Verb - Present ends in S before us. It Verb - Past Tense us then, but that's no matter to-morrow we will
Verb Adverb - Comparative, Verb out our body part Adverb - Comparative . . .

And one fine morning

So we Verb - Base Form on, Noun - Plural against the Noun, borne back ceaselessly into
Location.
