## The Weirdo191-221MS

Self-confidence can lead to great things in life, especially when no one thinks highly of from
your age or your appearance. After Sam defied her dad, the bosun, again, Chip knew he must deliver a heartfelt
and meaningful speech to keep the moratorium for the unpopulated bears in the Powhatan.
When the beastlike (unlike his personality) Chip took off his hat to reveal a and almost hairless
head, he knew people would listen to him, despite his age of 17. Chip a great speech,
most of the hunters probably discarded most of the information the adolescent Clewt had to
say about the bears. Though Chips father and Dunnegan couldnt make it right away, Chip won the battle of the
bears. The decides they will open preposition deer hunting in the Powhatan, but extend the
moratorium for bears another five years! Having self-confidence is excellent, but too much
or too little can lead you into trouble.
