14. Noun

# Somebody That I Used To Know (Short-ish)

Now and then I think of when we were together.

Like when you said you were so Adjective you die.

I told myself that you were right for me but felt so Adjective in your company

but that was Emotion and it's an Type of pain I still remember.

You can get addicted to a certain kind of Emotion ending in ness

Like resignation to the end, always the end

So when we found that we could not make sense

Well you said that we would still be Noun - Plural

but I'll admit that I was Emotion it was over.

But you didn't have to Verb off

Make out like it never happened and that we were Noun

And I don't even need your Noun but you treat me like a Noun and it feels so Adjective

But you didn't have to stoop so low

Have your Group of people collect your Noun and then change your number

I don't even need that though

Now your somebody that I used to know
