My Second Grade Year

A few months ago, I entered Mr. Chesher's second grade class. I was very
excited but a little nervous as I got to know my teacher and class mates, I
becameas I made friends easily and theclasswork got started. I really
learned to love our time and time, and I always look forward to recess. In Math,
we learned multiplication and Boy, that was really! For Science, we went to
Mr. Johnson's classroom where we learned all about how the make
constellations. We've had lots of at all of our class parties. I especially liked the time that we
madehouses at our holiday party. Other exciting school activities include thenumber
mile run and the Carnival. The basket raffle was a total Adjective,
but it was really fun to see who won all of those baskets. Now that the year is almost over, I
can't believe how the time has gone by. I really am looking foward to a Adjective
summer. I will out with my friends and go to the beach with my family. Before I know it, I'll be
back to school but this time as a 3rd grader. I wonder if 3rd grade will be as Adjective
as this school year
