Time travel

I entered a time machine that I found	
In at a Adjective science fair.	
There was a key pad where I typed in	
The year Before I knew it I was	
In a vortex then in a flash of	
Light I in the medieval era!	
I couldn't believe it there were theseAdjective	
castles occupied by Noun - Plural that i tried to explore	
I was investigating what happened to these dead knights	
Just outside this old when I was unexpectedly	
Attacked by a pack of vicious I tried .	
Fighting for my life I managed to	
To find a and take them all out.	
I must be in some type of universe	
That's when I realized I was ivolved in what	
Scientist have been calling the Location	
Project
