You Wont Catch Anything!

One year we all went down to body of water. I chose to verb off of the Noun. My father, Jerry, said "don't verb off of those rocks! You won't verb anything." Well, I proceeded to catch animal after animal after animal. I sat up there with a smile on my body part as my Dad saw me reel in my animal! Good thing he has a Adjective sense of humor and razzed himself about it. This is still one of my favorite Noun - Plural to date to tell at Big Lake.
