All of that for a Hot dog!

Last winter, I went on a date with my girlfriend to I heard it was really fancy, so I told my
girlfriend to dress up in something nice. When I went to pick her up the night of the date, her dress was
! NOT WHAT I EXPECTED! I threw up on her dress. She threw up on my tuxedo. We went
out anyway. On the drive there, there was this guy in a pickup truck who kept sticking his
out the window. I whipped out my own same body part and squirted Type of liquid
all over him. He screamed like a/an girl, and the pickup truck crashed right into our car. We we
driving on a mountain, so the car fell over the side, and we were falling down the cliffs. Then, I guessed there
was some sort of avalanche, and number tons of snow were falling down on us. We managed to escape, but then
this old man came from the middle of nowhere and told me I was ", ooh, soo,
" He then told me he thought I was, and good enough to eat. I told him to
OFF and then, another avalanche rained down, crushing the man. We climbed up the avalanche
and we were on the side of the highway. We tried hitchiking for, but no one picked us
up.
I held my girlfriend's She was screaming like a Suddenly, I saw another
pickup truck drive by, and I took the chance. Still holding my girlfriend's, I leaped into the
bed of the truck. Turns out, the bed of the truck had poop in it. There was also a rabid
off, though. She is so Anyway, the truck driver swerved around a corner, and we fell out of
the

truck. But it's okay, cause' we landed on a ski lift. I landed on the ski lift on my butt, so I was safe, but my
girlfriend was dangling. I was still holding her, so the only thing that was between her and
death was my hand.
Suddenly I became very hungry, and I looked in my jacket pocket to get a bar. I then heard
screaming, and then I realized I had let go of my girlfriend. I looked down, and I saw that she was falling, falling
, Sound: Example: CRASH She had died.
Once I got off the ski lift, I went into the main ski center, where everyone of all ages were putting on or taking
off their ski boots, trying out their ski's, snowboards, or looking through their ski goggles. I could still see my
breath, even in here.
I went into the cafeteria. There were wooden picnic benches everywhere. I saw a field-trip of maybe,
Place: Ex first second third graders eating at one of them. I felt self-conscious walking through the crowd
because I was scratched, thrown-up on, pooped on, bloody, shoeless, bruised, frostbitten, and emotionally
scarred. The ground beneath my feet was freezing. A few minutes later, it was my turn to order at the cafeteria.
The lunch lady said without looking up, "Hi would you like our special today of?"
Well, NO. I REALLY, really, HATE!
Here's what I said.
"No, I want a hot dog."

END.
