The Story of The Valley View Hawk

In 1966, the construction of Valley View _____Noun_____ began. Each day, workers noticed a _____Adjective_____ hawk circling around the building. During their lunch break, the hawk swooped down and stole a _____Adjective_____ right out of the _____Noun_____ from one of the worker's. The next day during their lunch break the same hawk swooped down again and stole some chips from another worker. On the third day during their lunch break, the hawk swooped down and stole a brownie out of the hands of a worker. By now, the hawk had a full lunch himself including dessert! On the fourth day, the workers decided to not have a lunch break and finish the school as fast as they could. The job that was supposed to take them 6 months they finished in 3 months because of no lunch breaks! They decided the hawk should be school mascot. Students say that even today, when they eat their school lunch outside on the playground, they see a hawk circling around trying to have lunch!
