# Treasure Island- Logan Kvalo

Disasters are all part of life. They can make you feel miserable and not able to do anything, but you have to know you will have to push through it. A horrendous disaster happened to Jim, Captain S., Squire T., and Dr. L, and Gray. Joyce and Hunter were murdered by the \_\_\_\_\_ Adjective mutineers who want the map to the treasure . Deprived Hunter got his musket turned around by one of them appalling mutineers and shot by his own weapon , and \_\_\_\_\_ Noun got his head blown off from another ferocious mutineers. Although Captain Smollett got his shoulder blade \_\_\_\_\_ Verb - Past Tense, a bullet just piercing his lung, and another bullet busting his muscles in his calf, he will still be able to survive and recover, but he will have to be very vigilant of what he does which might injure him even more. "NO!" They were all screaming in their minds when they found out two men were dead and one was down. \_\_\_\_\_ Noun, Squire T., Dr. T, and Gray will have to push through this occurrence \_\_\_\_\_ Conjunction not let it get to them and let it get them down. Although it may be hard to push through it, they will have to if they ever want to find the treasure and get off the island without getting killed by the immense Long John Silver (who is \_\_\_\_\_ Preposition from the other five) and his mates. They must take this very carefully, or it could just out to be another disaster. Disasters happen when you least expect them to. They could just make your life worse, but it happens to everyone even when you think these horrifying things only happen to you.
