My Best Day Ever

Dear relative,

Today was the best day ever! First, when I woke up, I saw celebrity crush in my room. I started to Verb - Base Form! They walked me to the room and I had favorite food sitting in front of me for breakfast! Then, my mom said that I had to get dressed and Verb - Base Form. I Verb - Past Tense myself why. Then I saw a Adjective vehicle in front of my house. My mom said to get in so I did. I drove us there to a concert. I was so excited! The best part was that it was a concert for my favorite band, favorite band! I almost Verb - Past Tense! After the concert, we went to favorite restaurant for dinner. Did I mention that same celebrity crush went with us? Well they did! When it was time to go home, same celebrity crush had to leave and you will never believe what happened next. same celebrity crush kissed me! After he/she left I pinched myself to make sure I wasn't dreaming. When I got back into the house, there was a package waiting inside. I opened it up and it was a Noun. I have always wanted a same noun! Yep, I think it's impossible to have a better day than today.

Love,

your name

.S. I got same celebrity crush number so now I can Verb - Base Form them whenever I want.
