Calc-CLUE-less? I think not!

Once upon a _____Noun_____, there was a group of _____Noun_____ who _____Verb - Past Tense_____ their high school education as Algebra II students. They liked to do hands-on _____Noun_____, but a certain student ruined that for all of them. Despite the challenges that they faced, they _____Verb - Past Tense_____ to continue their mathematics education by taking Pre-calculus with Mrs. _____Proper Noun_____. She was hopeful for the years to come that they would become masters of _____Noun_____. Pre-calculus had some _____Adjective_____ days and some _____Adjective_____ days. But, they survived! A few of the original students decided that Calculus was not for them . So , they didn't take the AP Calculus course. The AB students rarely completed their homework and struggled with the new _____Verb - Present ends in ING_____ policy. They _____Verb - Past Tense_____ all the time for nearly every test. This _____Verb - Past Tense_____ their teacher, Mrs. McFarland. But, she kept on working and so did they, sort of. Then came the AP Test in May. They went into that test with one of two thought processes: I might as well not _____Verb - Base Form_____. I am going to fail anyway. Or I am SO _____Verb - Present ends in ING_____ this! When the results returned in July, Mrs. McFarland was _____Verb - Past Tense_____. The students were indeed Calc-CLUE-less! The students vowed to do better in Calculus BC the following year. And that they did! They _____Verb - Past Tense_____ harder (a little) and did (a little) more _____Noun_____ and studied (a little) more for _____Noun - Plural_____ . The results of the 2nd AP test remain to be seen. However, Mrs. McFarland feels hopeful that they tried on the test to do the best they could! Calc-CLUE-less? I think not!
